

Activity 1.3 - Telling Your Story Through Pictures

Name: _____

DIRECTIONS: Think about important times in your life. You will create a craft project that helps you understand how the practice of a winter count could serve as a timeline for the year and, perhaps, help you remember the events into the future.

1. Talk to your elders, friends, family, teachers, or community members to learn more about **your** history.
2. Record important events from your life in the boxes below.

3. Draw a single symbol for each event that will help you remember what happened. If you want to practice drawing, you can do so here or on a blank sheet of paper, or draw directly on your fabric.
4. Remember to share your symbols and pictures with a friend telling the story of what each symbol means to you.
5. Journal about your experiences in the Reflection Journal entry for Activity 1.3.
